2024 ACCEPTABLE USE AGREEMENT (Prep & Grade 1)
ICT (Information and Communications Technology)

Bellbridge Primary School uses the internet and digital technologies as valuable resources for teaching and learning. All students must agree to use these resources responsibly at school. Parents/carers should be aware that, while our Internet Service Provider offers a substantial level of filtering, full protection from inappropriate content can never be guaranteed. Cybersafety and responsible online behaviour must be actively promoted – at school and at home.

STUDENT AGREEMENT
When I use the internet and ICT equipment at school, I agree to:

(Please tick each box after reading)

☐ Only use the computers to do what my teachers have asked me to.

☐ Be a safe and responsible user, and always look after the school computer equipment. I will always be careful, and I will tell my teacher straight away if something is broken.

☐ Be respectful of others.

☐ Talk to a teacher if I feel uncomfortable or unsafe while I am using a computer.

☐ Never put private information online about myself or others – like last name, phone numbers or address.

☐ Only use the login I have been given by my teacher and keep the password private from students in other grades.

☐ Only take photos, video or sound recordings when I have permission by my teacher.

I have read the Acceptable Use Agreement carefully and will follow these rules.
I understand that staff may remove student access from ICT equipment if these rules are broken.
