Dear Parent/Guardian,

RE: ESSENTIAL EDUCATIONAL ITEMS: GRADE 2 2024

Bellbridge Primary School is looking forward to another great year of teaching and learning in 2024 and would like to advise you of Bellbridge Primary School's voluntary financial contributions for GRADE 2 2024.

Schools provide students with free instruction to deliver the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for your support, whether it's through fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer such as a wider offering of subjects, special curriculum experiences or enhanced digital learning opportunities.

Department of Education guidelines now mandate that schools are UNABLE to provide parents with a statement of fees. With this in mind, parents are asked to please review the recommended voluntary financial contributions schedule attached for an indication of contributions for your child/ren.

As a result of this DET update to the guidelines, Bellbridge Primary School will no longer be providing the essential educational items for each student (ie: book packs). As of 2024 parents/carers are asked to purchase the supplies for their own child. Further on in this letter is a list of the items we recommend be purchased for your child's personal use in the classroom along with the details of our regular supplier, Paperchase who have kindly set up a "Parent Portal" where you can purchase all of the recommended items quite easily and at an extremely competitive price. **All orders placed before 20th December 2023, will be delivered directly to the school ready for use on the first day of Term 1 2024.**

If you choose to purchase the essential educational items for your child, teachers are requesting that they not be covered or labelled.

Bellbridge Primary School will continue to use subscriptions to online learning platforms to support the learning of all students (ie Literacy/Numeracy programs). Families are invited to make a voluntary contribution towards these programs (please see overpage for full details).

Since 2011, parents of students in Grades 4 – 6 also contributed voluntarily to the 1:1 Netbook Program, which allowed all students to have a personalised netbook for use in the classroom. Approximately 75% of families chose to voluntarily contribute to a payment plan in order for this successful program to continue.

Under the DET guidelines, this program will continue to be considered a voluntary contribution and all students in Grades 4 – 6 will be provided with a netbook.

Bellbridge is a highly regarded school in the area of Wyndham, and in order to maintain the level and quality of resources to support the learning opportunities for all students, we are counting on the continued generosity of our families in supporting this approach to voluntary contributions

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

Nadia Tkaczuk
Acting Principal

School Council President
