SUMMARISING Read independently for at least 20 minutes. Write the text/book title in your diary, and the pages read. Write the main idea of the text/part of the book you read. Draw some supporting details that assisted you in finding the main idea. Remember the main idea is the main topic of the text, which could include clues from the title or the author's message.	WRITERS NOTEBOOK BRAINSTORM Brainstorm a list of at least 15 things that went well last week for you. See how many you can come up with. Draw symbols and pictures to go with each idea. Set your ideas up in a creative way. For example, achievements at school, sports or hobbies. 	ADDITION Ask someone in your house to write 10 addition problems for you. We practised these last week, so make sure you choose digits that will challenge you (including zeros, nines and 6 digit numbers if you can). Show 2 different ways to solve each problem. (Vertical addition, expanding the numbers, break up the parts, build to ten).	CHILL OUT TUESDAY Mindfulness means paying full attention to something. It means slowing down to really notice what you're doing. Being mindful is the opposite of rushing or multitasking. When you're mindful , you're taking your time. You're focusing in a relaxed, thoughtful way. Close your laptop, grab a piece of paper and some pencils or crayons, take your shoes off and go for a walk out on the grass, or somewhere safe for bare feet. <ul style="list-style-type: none">• Write down 5 things you can see.• Write down 4 things you can touch.• Write down 3 things you can hear.• Write down 2 things you can smell.• Take something from the garden, place it under your paper and use your pencils to shade over the top of it.
