

	READING	WRITING	MATHS	INQUIRY/OTHER
DAY 1	Find a fiction text from home or online to read. If you're not sure what to read, try: - Reading Eggspress - Storyline Online	Write a short story (one page at the most) about something going horribly wrong. Include a character, the setting and the problem that has to be resolved.	Create 5 addition and 5 subtraction problems for yourself to complete. These should be appropriately challenging and you should show all of your working out.	Find an article on Kids News related to our current Inquiry topic. Write down at least five new facts or details you learnt while reading.
DAY 2	Find a newspaper article from home or online to read. If you're not sure what to read, try: - Kids News - BTN Transcripts	Create a short newspaper article of your own about something exciting that has happened. Focus on using formal, informative language and building up your ideas.	Log on to Essential Assessment and complete some My Numeracy modules focusing on Measurement & Geometry.	Play your favourite songs and at the same time, clean your room, fold your clothes, put your toys away and help around the house.
DAY 3	Find some poetry from home or online to read. If you're not sure what to read, try: - Dr. Seuss - Shel Silverstein	Write some of your own poetry about something funny or silly. It doesn't have to rhyme, but you might like it to. Try to write a range of 2-4 line poems on a topic.	Create 5 multiplication and 5 division problems for yourself to complete. These should be appropriately challenging, and you should show all of your working out.	Find a video on BTN related to our current Inquiry topic. Write down three new facts or details you learnt while watching.
DAY 4	Find a graphic novel or comic from home or online to read. If you're not sure what to read, try: - Storyberries.com (Comics) - FreeKidsBooks.org (Comics)	Create a short comic strip about helping someone out. Don't worry too much about the artwork, just focus on the narration and using dialogue appropriately.	Log on to Essential Assessment and complete some My Numeracy modules focusing on Statistics & Probability.	Make a list of your top five coping strategies that help you feel better when things are tough, then choose one to practise today.
DAY 5	Find a podcast from home or online to listen to. If you're not sure what to listen to, try: - Kids Listen - ABC (Kids & Families)	Write a letter to someone you know about something you care about deeply. Focus on formatting the letter correctly and persuading them on to your side.	Practise your Times Tables – you need to know them! You should know your 2s to 10s instantly and accurately. 11s and 12s are a bonus.	Find a video on YouTube related to our current Inquiry topic. Write down at least five new facts or details you learnt while watching.
