

# GRADE 2: Monday 7th June to Thursday 10<sup>th</sup> June

## PHYSICAL EDUCATION

### Task

#### Punt it around the world

**Step 1:** Find an open space outdoors or indoors (with parent permission).

**Step 2:** Make a set of goals using what you have at home (e.g. 2 garbage bins, between two trees, 2 cereal boxes).

**Step 3:** Mark out 5 spots to kick from. These spots should be at different angles and distances away from the goal. You could use a stick, a toy or even a pencil that symbolises each spot.

**Step 4:** Place a football on/next to the first spot. *Don't have a football?* Any type of ball you can punt is fine!

**Step 5:** The aim of the game is to see how many goals you can kick in one round. One round is going to each spot once. Even if you miss the shot, you need to advance to the next spot.

How many goals can you kick in a round?  
Too easy? Move your spots further back or at different angles!

If you have someone else to play with, challenge them to a game. If you kick a goal, you get to advance to the next spot. If you don't, you stay at the same spot until you kick the goal. The first one to make it 'Around the World' wins!

*Remember to look at the target and ball, step forward with your non kicking foot, drop the ball over your kicking leg, and swing and kick the ball with your kicking foot.*

**LOOK, STEP, DROP and KICK!**
